## **E-book formatted short “stories”**

---

If you haven't read any of my stories, I recommend the following...

for **UFO/Alien enthusiasts**:

- **Abduction** – A narration of my alien abduction in 2009, which started all of this. (This is NOT a fictional story, it happened in real life.)  
(<http://www.disclosuree.com/RozakAbduction.pdf>)
- **Abduction Spam** – Do you know anyone on an abduction spam-list? This is a Dadaist short-story about what it's like to abduct an Earthling... from the alien's point-of-view.  
(<http://www.disclosuree.com/RozakAbductionSpam.pdf>)

- **Disclosure from the aliens' point-of-view – Choice fiction** – This is a “Choose Your Own Adventure”-style book, where you participate in “disclosure” on Earth-Sol as an alien. You decide what your alien character does. See if you can help “disclosure” to happen smoothly.  
(<http://www.disclosuree.com/RozakDisclosureChoiceFiction.pdf>)

for **Science-fiction readers:**

- **Pantherized** – Follow a Golden Panther as she is drafted into the military, trained as a crewmember aboard a battleship, and then ultimately partakes in a space-battle against a Hominid “death-star”.  
(<http://www.disclosuree.com/RozakPantherized.pdf>)
- **Tyrannosaurs are peeping-Toms... and pranksters too** – “They’re monsters when they’re little [children].” This is a short-story about a Tyrannosaur-girl and her best friend, their pranks, and their pranks get their house blown up.  
(<http://www.disclosuree.com/RozakTyrannosaur.pdf>)

for **Furries**:

- **After the “dead list” – I’m a deer** – A short story about life immediately after death. This is a cross between “*Beetlejuice*” and Steven Spielberg’s “*Amazing Stories*” .  
(<http://www.disclosuree.com/RozakDeadListDeer.pdf>)
- **The White Wolf – A Romance** – Wolfen (Wolf-evolved people) romances are very strange, especially when one of them stands on two legs, and the other-one is four-legged.

## After the “dead list” – I’m a deer

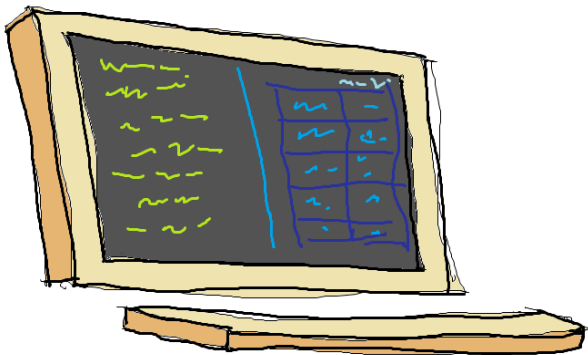

---

September 2010

A short story about life immediately after death. This is a cross between “*Beetlejuice*” and Steven Spielberg’s “*Amazing Stories*”.

June 2011

**WARNING: This story is emotionally disturbing**, at least for me as an author. In my humble opinion, while it is not as well written as Shirley Jackson's, "*The Lottery*", it is MUCH more macabre. The story is also **sexually explicit**.

[http://en.wikipedia.org/wiki/The\\_Lottery](http://en.wikipedia.org/wiki/The_Lottery))

I thought I was going to spend a year monitoring and helping "primitive" Cheetah-evolved people. Half-way through my work-study-volunteer program, I was enslaved by the Hominids and transported to the planet Azcruk, where I was kept locked in an attic-storeroom by a battle-axe Hominid woman... and my only friend there asked me to help her commit suicide.

## Disclosure from the aliens' point-of-view – Choice fiction

May 2011

This is a “*Choose Your Own Adventure*” style book, where you participate in “disclosure” on Earth-Sol as an alien. You decide what your alien character does. See if you can help “disclosure” to happen smoothly.

([http://en.wikipedia.org/wiki/Choose\\_Your\\_Own\\_Adventure](http://en.wikipedia.org/wiki/Choose_Your_Own_Adventure))

(<http://www.disclosuree.com/RozakDisclosureChoiceFiction.pdf>)

Humorous science-fiction short-story about a slaver sphere.

## Escaping the war

---

May 2011

I can't get away from the war. I first experienced the war as infantry, fighting the Alotians. After I died there, I became an apprentice-medic, but was evacuated/relocated. During my relocation spaceplane-journey, my transport was attacked by a Hominid battleship. Once-again killed, I am now sharing a body on Earth, watching the war approach.

(<http://www.disclosuree.com/RozakEscapingTheWarNor.pdf>)

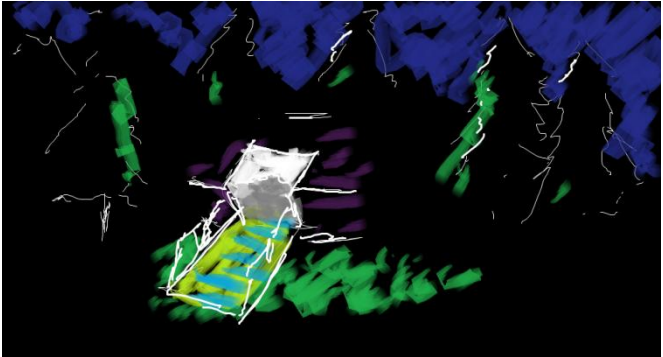

A semi-poem about a gecko-evolved woman depressed about her best -friend's death.

<http://www.disclosuree.com/RozakGeckoTableLight.pdf>

Life for a small village of low-tech Raccoon-evolved people.

Follow a Golden Panther as she is drafted into the military, trained as a crewmember aboard a battleship, and then ultimately partakes in a space-battle against a four-hundred-kilometer-diameter Hominid *“core-ship”*.

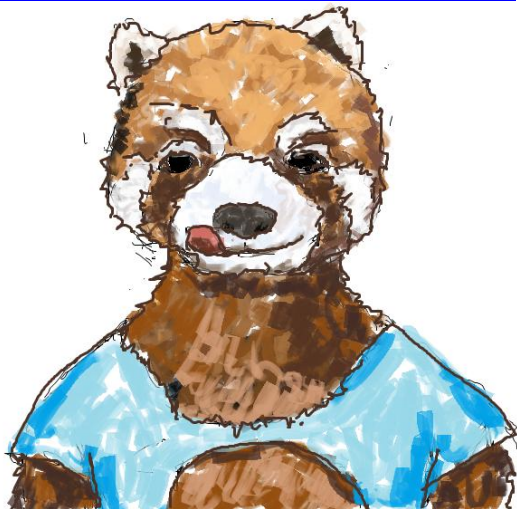

(<http://www.disclosuree.com/RozakPantherized.pdf>)

A Red-Panda university-student takes a summer-break job as “clever-pet” nanny to an Alotian family. It’s a humorous cross between *Marry Poppins* and *The Sound of Music*.

([http://en.wikipedia.org/wiki/Mary\\_poppins](http://en.wikipedia.org/wiki/Mary_poppins),

[http://en.wikipedia.org/wiki/The Sound of Music \(film\)](http://en.wikipedia.org/wiki/The_Sound_of_Music_(film)) )

A Saurian, and an Elk-evolved person, are taken hostage by Hominids to appear as supporting cast-members in a Hominid science-fiction soap-opera. (***Mature content.***)

## Tyrannosaurs are peeping-Toms... and pranksters too

June 2011

*"They're monsters when they're little [children]."* This is a short-story about a Tyrannosaur-girl and her best friend, their pranks, and their pranks get their house blown up.

(<http://www.disclosuree.com/RozakTyrannosaur.pdf>)

Wolfen (Wolf-evolved people) romances are very strange, especially when one of them stands on two legs, and the other one is four-legged.

(<http://www.disclosuree.com/RozakSuperWarehouseMegaMansion.pdf>)

**(Not yet finished)** Have you ever wanted to be a zookeeper on a “wilderness planet”? Do you enjoy giving birth to endangered species after having their embryos artificially implanted in your womb? How about discarding your zookeeper body and “going bush” as a wild animal-Cheetah?

(<http://www.disclosuree.com/RozakZookeeper.pdf>)

## A Traveler's Guide to the Ashtari Empire: Inviroth

**(Unfinished)** A full-length **fantasy novel** about a group of friends who try to imitate a famous historical explorer, Derek Halfstar, and track down a murderer in “modern” times. They find themselves caught in a paramilitary conflict between the Human “Brotherhood” and Ferazi “Aliari”, and a power-struggle between the Wizards and Technological Unification Organization.
